

Vostermans
Ventilation

In-house motor production with qualitative advantages for variable speed fans.

Extensive motor line with 3 years warranty (IP55, Class F).

Motorline with a wide field of application.

MF FLEX special program

Numerous possibilities in delivery program are possible e.g.:

- diameter
- airflow
- frequency
- voltage
- suspension
- attachment
- impeller material

Variable attachments.

MF FLEX applications

Condensor unit.

Mobile cooling unit.

High voltage transformer.

Hatchery equipment.

Cardboard drying.

Specifically for the OEM's (Original Equipment Manufacturers) Vostermans Ventilation takes an extra step. Together with the customer a suitable solution is found for each application on 1:1 basis. Depending on the demands and wishes of the customer on the level of motor charge, air volumes, noise level, energy consumption and/or environmental pressure (e.g. acids, chemicals, moisture) an optimal solution is created.

Vostermans Ventilation is dedicated to search for specific solutions in close co-operation with the customer. The development of an optimal ventilation system is our challenge.

Wood drying.

Motor winding

Motor assembling

Robot controlled component department

Fan assembly
